

Project Status Report - 02/09/20

Northrop Grumman

Project Status Summary

Percent Completion: 13%

Scope	Schedule	Cost	Risks	Quality
-------	----------	------	-------	---------

We are still behind and still having to cut some corners on how thorough we will be, but we are advancing through the project steadily.

Work Planned for Last Week

Everyone needed to familiarize themselves with PyTorch to be able to implement our models.

Work Completed Last Week

Everyone did independent research on PyTorch.

Work Planned for Next Week

We have divvied up tasks for individuals and small teams to start the implementation of models. Each group/member needs to start working on their assigned task.

Open Issues

Have to train and test on smaller chunks of data since the machine can't store everything. Gaps in frames where the bounding box disappears.

Deliverables and Milestones

Milestone/Deliverable	Planned	Forecasted	Actual	Status
N/A	N/A	N/A	N/A	N/A
